NEA JOURNAL

VOLUME XLV JANUARY-DECEMBER

1956

The JOURNAL serves the entire membership of the National Education Association. It has the largest circulation of any professional journal. Its policy is determined by the resolutions and activities of the Association itself. It aims to give an over-all view of education. It emphasizes pioneer undertakings. It seeks to encourage among educators a broader interest in the larger problems of education and life.

Persons binding their copies of the JOURNAL into an annual volume will use this sheet for a title page. The 1956 volume includes nine issues, one for each month except June, July, and August.

Executive officers of the National Education Association—Martha A. Shull, president; William G. Carr, executive secretary; Gertrude E. McComb, treasurer; A. C. Flora, chairman, trustees. The JOURNAL is the official organ of the Association—Mildred Sandison Fenner, editor; Walter A. Graves, senior assistant editor; Marion B. Tucker, George E. Arnstein, assistant editors; Ruth Skewes Ford, production editor; Richard E. Carpenter, business manager; Homer Humbert, advertising manager; W. L. Christian, circulation manager.
